To Whom It May Concern:

I recently had the opportunity of working closely with Jamie after knowing him for several years. Acting as a co-director for a commercial for an American agency I found him to be imaginative, energetic, enthusiastic and a great team player. The shoot was intense but his energies never flagged and I can honestly say it was a great deal of fun thanks largely to the huge amount of preparation work that Jamie put into the production. I would have no hesitation in recommending his skills either as a director or as a production consultant, especially where strong visuals or special visual effects are required.

Yours truly,

David Sproxton
